

California's largest electric utility is continuing its push to establish a net-zero energy system by 2040, finalising an offtake agreement for 1.8GWh of battery storage capacity with Aypa Power.

For the first five months of 2025, CAISO data showed solar electricity curtailment declined by 12% as a share of generation, falling from 13% to 11.5%, even as solar output grew 18% year over year ...

Building on the success of flagship events in North America (Detroit), Europe (Stuttgart), and a remarkable debut in India, The Battery Show is set to expand into Asia in 2025. The Battery Show Asia (TBSA) will serve as ...

Envision Energy and FERA Australia have signed an agreement to collaborate on the delivery of large-scale hybrid renewable energy projects across Australia's national electricity market (NEM), with the potential to deliver up to 1.5 GWh of ...

These premier shows will bring together pioneers in battery, energy storage, and e-mobility technology, along with engineers, manufacturers, and thought leaders from Asia and around the world, for an immersive three-day ...

A New South Wales council is set to receive almost \$15 million as part of a voluntary planning agreement with the developers of the 1 GW Tallawang solar and battery energy storage project proposed for the state's central west.

From advanced lithium-ion breakthroughs to grid-scale storage solutions, here's your go-to guide for the top battery and energy storage events in 2026 -- globally. Why Attend Energy Storage ...

Romania: Modernizing Infrastructure to Support Renewable Integration In 2024, Romania added 1.7 GW of new solar capacity, bringing its total installed capacity to nearly 5 GW. This rapid ...

Storage is an asset class that Goldman Sachs Alternatives, for example, is increasing its exposure to and in the latest deal it has provided a \$140 million debt facility to developer ...

Desay Battery, a leading global provider of comprehensive energy storage solutions, held its mass production launch event in Changsha, China, on July 23, 2025. The event showcased a new generation ...

About the Show World Battery & Energy Storage Expo (WBES) is an important event for the global new energy industry, gathering leading energy storage companies, technology ...
