

The microgrid energy storage market is experiencing robust growth, driven by the increasing need for reliable and resilient power systems, particularly in remote areas and regions with unstable ...

Curtailed renewable energy in Poland rose 36% in the first five months of 2025, threatening the financial viability of solar plants as operators face long delays and reduced compensation ...

Norway has introduced fiscal incentives for commercial and industrial (C& I) energy communities, exempting solar power sharing within a single industrial site from electricity taxes and grid fees.

Model predictive control (MPC) has emerged as a powerful control strategy for microgrids due to its ability to handle complex dynamics and optimization problems. This study aims to conduct ...

PowerSecure Significant Developments in Intelligent Modular Microgrids Sector 2022: Several major players announced partnerships to develop next-generation microgrid solutions. 2021: ...

Functionally, grid-forming inverters aim to replicate the voltage-source behavior of synchronous machines. They provide inertia-like response, frequency regulation, voltage control, and even ...

In a long-overdue move, Israel has officially transferred authority of Me'aras HaMachpelah from the Palestinian Authority to the Chevron Religious Council. More than five decades after the ...

The Netherlands-based solar facade panel and mounting system provider has added a new terracotta rooftop module to its product range. It also announced it is expanding its sales ...

The mobile microgrid energy storage system market is experiencing robust growth, driven by increasing demand for reliable and portable power solutions in remote areas, disaster relief efforts, and off-grid applications. The market's ...

The National Coordinator for Terrorism and Security (NCTV) report, released on July 17, lists Israel as one of the countries that aims to "control public opinion and political decision making."

Israeli forces have intercepted a Freedom Flotilla activist ship heading towards Gaza - including a British citizen and ex-United Nations official on board. A livestream broadcast by the pro ...

Israel's government has approved a ILS 34 million (\$10.1 million) budget and granted construction permit exemptions to support rooftop solar deployment on publicly owned sports facilities ...

Israel microgrid control

The war now has no military logic. The Israel Defence Forces (IDF) control about 70% of the strip. Hamas is defeated. Its leaders are dead, its military capacity is a tiny fraction of what it was ...
