

Section 25D--the one that gives homeowners the residential solar tax credit--is now set to expire for systems installed after December 31, 2025. Section 48E, which helped commercial and ...

Solar Power World, the leading solar publication covering technology, development and installation, publishes the Top Solar Contractors List annually. The list includes hundreds of solar contractors and developers in ...

Enbridge has made a final investment decision on the Clear Fork solar project in Texas, a 600-megawatt facility whose entire output will be acquired by Meta Platforms Inc. under a long ...

What utility-scale solar project developers should know about One Big Beautiful Bill Developers will need to navigate expiring tax credits, stricter "safe harbor" rules and foreign content ...

The Government of Maldives and APM SPV Pvt Ltd have today signed a landmark Investment Agreement for the development of the first 100-megawatt floating solar power project in the ...

The launch of the 100 MW floating solar island in the Maldives marks a significant milestone in the country's journey towards a zero-carbon future. Powered by the Abraxas Operating System ...

President Dr Mohamed Muizzu has declared "Project Solar City" as the Maldives' first Special Economic Zone (SEZ), following the issuance of Presidential Decree No. 1/2025 earlier this ...

Solar City, also known as Luminosity, is described as a mixed-use renewable energy project and will be developed as a floating solar facility on newly reclaimed barrier islands. Touted as the ...

The emirate of Sharjah has commissioned its first utility-scale solar plant to power the Sajaa Gas Complex and export surplus electricity to the grid. The 60 MWp SANA facility, developed in ...

A four-island archipelago in the Maldives is to expand its solar power developments to provide clean energy for half of its requirements this year. 2025 will see the destination bringing the ...

Utility scale solar submissions increase Submissions for utility scale solar farms has been at heights not seen before. With over 7GWp submitted to date this year and over 5GW submitted ...

Utility-scale solar projects are continuing to advance across the United States. Solar represented 77.7% of new capacity added to the U.S. grid in 2025 through April, according to the Federal Energy Regulatory Commission, and continues ...

Maldives utility-scale solar

Approved in April last year, the solar city project includes the development of a 100 megawatt solar photovoltaic facility. The investment agreement for the floating solar project, the first ...

Why Understanding Solar Controllers Is Critical For C& I And Utility-Scale Projects Solar controllers play a central role in managing the complexity of commercial and industrial (C& I) and utility-scale solar installations. They act as the system's ...

The International Renewable Energy Agency's latest report finds little change in the global average levelized cost of electricity for utility-scale solar plants year-on-year, while the global ...

The Role of I-V Curve Tracing in Quality Inspection Quality inspection in utility-scale solar installations is paramount to ensure optimal performance and longevity of the solar assets. I-V ...

Explore how Avaada is shaping India's clean energy future with utility-scale Battery Energy Storage Systems (BESS), including a landmark 2.1 GW project to support a sustainable and ...

ABB's three-pole DC switch-disconnector is designed for 2,000-V utility-scale photovoltaic power plants, enabling increased power output while reducing electrical balance of system costs by ...

The International Renewable Energy Agency's latest report finds little change in the global average levelized cost of electricity for utility-scale solar plants year-on-year, while the global average total installed cost of utility-scale solar projects ...

Deciding between central inverters and power optimizers for utility-scale solar projects involves careful consideration of several factors including efficiency, cost, and the specific ...

Maldives utility-scale solar
