

On July 4, 2025, President Trump signed into law the One Big Beautiful Bill Act (the OBBB), which significantly rolls back many of the core tax incentives that clean energy projects have relied ...

Ukraine is facing unprecedented energy challenges. In recent years, widespread power outages caused by infrastructure damage, fuel shortages, and grid instability have disrupted daily life and essential services. Rural areas, in ...

The Potential of Ukraine's C& I Energy Storage Market Ukraine's C& I energy storage market has significant growth potential. With an annual installation capacity of around 300MW and a ...

In the face of volatile energy pricing and grid instability, energy solutions specialist Aggreko is highlighting the potential for battery energy storage systems (BESS) and battery hybrids to help increase resilience and on-site efficiency. At ...

3. Broader Economic Tracks Agri-tech: drip-irrigation retrofits for 30 000 ha of de-mined farmland. Med-tech: Israeli rehab robotics for Ukrainian veterans; JV manufacturing in Lviv. Energy: ...

The challenge with Renewable Energy sources arises due to their varying nature with time, climate, season or geographic location. Energy Storage Systems (ESS) can be used for storing available energy from Renewable ...

According to a latest report from market intelligence firm Clean Energy Associates (CEA), the U.S. energy storage system (ESS) battery manufacturing capacity is facing severe challenges. As ...

Lithuania's Ministries of Energy and the Environment have jointly approved an additional EUR37 million in funding to expand the country's capital expenditure (capex) support for energy ...

The 500Ah+ large energy storage battery cell technology is rapidly emerging, demanding significantly higher efficiency from thermal management systems. Liquid cooling plate design ...

Silicon Valley startup Lyten will take full ownership of Northvolt Dwa ESS, Europe's largest energy storage systems factory, in a move to expand its product line, the U.S. company said on Tuesday.

Google enters long-duration energy storage (LDES) with a global commercial partnership and investment in Energy Dome. Energy Dome's CO₂ Battery stores clean energy for 8-24 hours, ...

DTEK, Ukraine's biggest private energy company, has begun final commissioning of the country's largest

Manufacturing energy storage kiev

battery energy storage project,, developed in partnership with Fluence Energy Inc., ...

Energy Storage Solutions for Manufacturing Facilities In the industrial landscape, the quest for operational efficiency has become more essential than ever. Operations Directors in industrial ...

On July 4, President Trump signed the "One Big Beautiful Bill." The bill makes steep cuts to solar energy and places new restrictions on energy tax credits that will slow the deployment of ...
