

Nawa Raj Dhakal, Executive Director at AEPC, emphasized the significant contribution of REEEP-GREEN in enhancing energy access in off-grid communities through policy support in solar, micro-hydro, and biomass, which ...

Colombo, Sri Lanka: The International Centre for Integrated Mountain Development (ICIMOD) and the International Solar Alliance (ISA) have signed a Memorandum of Understanding (MoU) to ...

At a session at the Solar Alliance Assembly, he said that Bangladesh is interested in the regional integration of power. "We generated 300 megawatts of electricity in Bangladesh this year, and ...

Marking a powerful leap forward in Sri Lanka's renewable energy journey, WindForce PLC and Vidullanka PLC celebrated the successful commissioning of the 10 MW Sooryashakthi solar ...

Ashish Khanna, the Director General of the International Solar Alliance (ISA), has stated that grid connectivity with India is crucial for Sri Lanka to cut energy costs and ensure energy security ...

Where will Nepal be in 2050? It is only 25 years away. The country's population will be peaking at 36 million, the poverty rate will drop to near zero. Maternal and child mortality rates will fall further. Nepal will be generating up to 40,000MW ...

In the past year, eight hydropower and solar projects in Nepal have begun commercial electricity production, contributing a total of 77.97 megawatts (MW) to the national grid, according to the ...

The Nepalese government has launched its biggest rural electrification plan, aiming to bring solar energy to over 500 villages currently off the national grid. Backed by the Asian Development ...

International Solar Alliance and ICIMOD Join Hands to Accelerate Solar Energy Deployment in the Hindu Kush Himalaya The partnership aligns with both organisations' vision to accelerate ...

AI-driven energy strategy enhances renewable integration and load flexibility Renewable energy sources like solar and wind are inherently intermittent and unpredictable, making it difficult for grid operators to maintain consistent ...

Ashish Khanna, the Director General of the International Solar Alliance (ISA), has stated that grid connectivity with India is crucial for Sri Lanka to cut energy costs and ensure energy security.

This is the largest utility-scale solar power project in Nepal, and the first-ever solar project in Nepal registered

Solar energy nepal

for I-REC issuance. The availability of I-RECs from this solar power plant ...

The International Centre for Integrated Mountain Development (ICIMOD) and the International Solar Alliance (ISA) have signed a Memorandum of Understanding (MoU) to foster ...

Nepal Electricity Authority (NEA) is gearing up to sign power purchase agreement (PPA) with 22 projects for generation of 61 MW of solar energy, reports The Kathmandu Post. Presently, the NEA board is reviewing ...

"SOLAR ENERGY SCIENCE, TECHNOLOGY & SOL ENERGY"

Congress and President Trump just passed legislation to cut the 30% residential solar tax credit in 2026--nearly a decade ahead of schedule. For homeowners considering solar, act now to lock ...
