

SLSEA - Sri Lanka Sustainable Energy Authority As the governing body responsible for pioneering the sustainable energy revolution in Sri Lanka, we aim to facilitate the development of our nation's rich energy resources, ...

Two projects led by the University of Oxford have received a major funding boost from the Faraday Institution, the UK's flagship institute for electrochemical energy storage research. The funding is part of a £19 million ...

Swedish renewables developer Eolus (STO:EOLU-B) has secured its first site for a stand-alone battery energy storage project in Sweden, which has the potential for an installed capacity of ...

The challenge with Renewable Energy sources arises due to their varying nature with time, climate, season or geographic location. Energy Storage Systems (ESS) can be used for storing available energy from Renewable ...

The country expects to achieve fully market-oriented development of the power storage industry and independent research and development of core technologies and equipment by 2030. Answering the call, local governments ...

On July 4, President Trump signed the "One Big Beautiful Bill." The bill makes steep cuts to solar energy and places new restrictions on energy tax credits that will slow the deployment of ...

Danish solar company Nordic Solar has launched construction works on its first battery energy storage system (BESS) project in Sweden, an 18-MWh site located in Sodertalje, Stockholm ...

The demand for energy infrastructure investments is increasing, particularly in areas such as wind energy, energy storage, and smart grid solutions, as the country strives to achieve net-zero by ...

Sweden has been proactively pursuing and practicing policies that have encouraged research and development in water purification, sanitation, sewage and wastewater treatment, waste management and waste-to-energy, ...

Just two months after its first acquisition of a battery energy storage system (BESS) in Sweden, Monsson has secured a second project - a 20MWh facility in Herryda, western Sweden, ...

We are a positive force in the energy transition The Soltech Group is a full-service supplier with market-leading expertise in solar energy, electrical engineering, facades, roofing, charging infrastructure and
