

On July 4, 2025, President Trump signed into law the One Big Beautiful Bill Act (the OBBB), which significantly rolls back many of the core tax incentives that clean energy projects have relied ...

The 500Ah+ large energy storage battery cell technology is rapidly emerging, demanding significantly higher efficiency from thermal management systems. Liquid cooling plate design ...

On July 4, President Trump signed the "One Big Beautiful Bill." The bill makes steep cuts to solar energy and places new restrictions on energy tax credits that will slow the deployment of ...

The visit focused on XIHO Energy's core product line: the main product customized battery pack covers multi-specification integrated systems such as home energy storage and industrial and ...

Renewable energy storage specialist Aputura said it had received planning consent to build a new grid-scale 560-megawatt battery energy storage system (BESS) near Clydebank in West ...

Burn Manufacturing secures funding from AfDB to expand electric cooking in East and Southern Africa Burn Manufacturing, the Kenyan producer of clean cookstoves and carbon developer, has secured a \$4mn grant from the African ...

In July this year, the 2025 Uganda Solar Photovoltaic and Energy Storage Exhibition was grandly held in Kampala, attracting the active participation of many enterprises. At this exhibition, ...

LG Energy Solution reported a rise in its second-quarter profits despite a forecasted slowdown in electric vehicle (EV) demand expected by the first half of 2026. The company has indicated ...

Multiple taxation and competition from informal businesses remain major obstacles. Additionally, unfavourable macroeconomic factors (e.g. interest rates, inflation) and an unreliable power ...

In the face of volatile energy pricing and grid instability, energy solutions specialist Aggreko is highlighting the potential for battery energy storage systems (BESS) and battery hybrids to help increase resilience and on-site efficiency. At ...

Cold Solutions Kazi is a project of the ARCH Cold Chain Solutions Fund, which is focused on building modern and energy-efficient cold storage systems across the region. Agriculture is a ...

Secure bulk 5kWh LiFePO4 batteries in Kampala NOW! Non-flammable, indoor-safe & built for rural Uganda. Lowest prices for distributors - affordable storage + fast delivery. Wholesale ...

On July 4, 2025, President Trump signed into law the One Big Beautiful Bill Act (H.R. 1 119th Congress) (OBBBA), which significantly changes the clean energy tax credit landscape established by the Biden administration pursuant to the ...

Across Uganda, a quiet energy storage revolution is unfolding--driven by the rapid shift from lead-acid batteries to advanced lithium-ion systems. This transition isn't just about cleaner tech; it's ...

By Power for All A pilot project in rural Uganda demonstrates that utilities and mini-grid operators working together can deliver electricity 3.5 times faster and 64% cheaper than traditional ...

After three months of tailored support from EnergyLab and New Energy Nexus, these founders now stand poised to accelerate the country's battery manufacturing capabilities - with ...

They cater to diverse industries including energy, telecommunications, logistics, manufacturing, and agriculture. Renowned for their tailored approach, Q-Sourcing focuses on enhancing organizational efficiency and effectiveness through ...

Burn Manufacturing, the Kenyan producer of clean cookstoves and carbon developer, has secured a \$4mn grant from the African Development Bank to roll out electric cooking solutions in Uganda, Kenya, and Zambia

The challenge with Renewable Energy sources arises due to their varying nature with time, climate, season or geographic location. Energy Storage Systems (ESS) can be used for storing available energy from Renewable ...

Moment Energy announced that its Metro Vancouver, BC manufacturing hub is now in full-scale production, delivering its flagship battery energy storage systems (BESS) to serve a growing ...
